Choose your Clover payment solution

At the counter, at the table or in line, Clover offers the hardware you need to get the results you want.

Build the system you want: All Clover devices can be integrated to create one complete payment experience. The Register Lite plan also supports adding a customer-facing device such as the Clover Mini.

Clover Virtual Terminal

Process payments and refunds, wherever you happen to be. Just log into your Clover Web Dashboard at clover.com/dashboard from a smartphone, tablet, or computer and you're ready for business anytime, anywhere.

Clover Flex

Full-featured POS with the flexibility to take payments anywhere – at the table, at the counter, in line or on the go.

Clover Mini

Simple payment processing, full-featured POS or customer-facing device.

Clover Station Duo

Our fastest, most powerful POS system. From inventory and orders to managing your staff and running reports, it's all at your fingertips.

Clover Go app

Download the no cost Clover Go app to complement your POS and manage your business from anywhere using your Clover credentials: track payments, see reporting, manage inventory, check employee transactions, stay on top of orders, and access all the reporting you need using your mobile device.

Accessories

Whether you need to scan a bar code or store your cash sales, Clover has you covered.

Clover Flex Travel Kit

Clover Mini Swivel Stand

Clover Cash Drawer

Barcode Scanner

Weight Scale

Kitchen Printer

Sticky Label Printer

Thermal Kitchen Order Printer

Build the system you want – All devices can be integrated to create one complete payments experience

Essentials

Core solutions that make it easy for you to get up and running – right out of the box. Customize your Clover to help you do more.

Clover App Market

Turn your Clover into a well-oiled multitasking machine, so that you can do more for your business than you imagined.

Get Paid

Make it easy for your business to make money

Credit and Debit Cards

Let customers pay how they want to pay. Swipe, Insert or Tap. Credit, Debit, Apple Pay®, Google Pay® and more.

Gift and Loyalty Programs

Boost sales with digital and plastic gift cards from providers like the Akroo and Loyal Zoo apps available in the Clover App Market

Alternative Payments

Accept alternative payments like AliPay and WeChat using the OTTPay apps available in the Clover App Market

Apps for every business

No matter the industry these apps will help you tackle the trickiest tasks associated with running your business.

Gift & Loyalty

Process gift cards, check the card balance of an Ackroo gift card and reload funds onto an Ackroo gift card.

Loyalzoo Loyalty Programs

Create and run your own loyalty program and engage customers through points notifications and promotions delivered by SMS or text, email or push.

TapMago Customer Loyalty

Lets you run your own Loyalty Program. Customers can use your business branded mobile app and tablet to check-in, collect points, and redeem rewards; process redemptions and upsell to higher reward levels directly from your Clover device and more.

Restaurant

Order Kiosk

Turn your Clover into a Kiosk. Your customers enter their own orders and make their own payment to speed up your line and drastically reduce wait times.

Order Display

Efficiently displays orders in real-time anywhere using a web browser. You can safely eliminate the need for paper receipts while increasing your kitchen or prep area's productivity.

Seat On Reservations

Restaurant Arrival and Table Management System: Online and IVR phone reservations, Walk-in and Wait List, Customer Data and Feedback. Reports for Occupancy Rate, Employee Performance, and Customer Spending Habits.

Multi-location Retail

Aptimyz

Save time doing comprehensive inventory management for single or multi-site locations without limit to inventory size. Aptimyz also integrates with your online business.

Delivery Services

Deliverect

Easily integrate your online orders to your Clover POS. Deliverect connects UberEats, DoorDash, SkipTheDishes and many more online ordering platforms directly to your POS system, so you can skip manual entry completely.

Dash

Create an online ordering website, integrate delivery with UberEats, Doordash, Postmates, and Grubhub and add Gift cards and Loyalty Programs, Promotions and Coupons.

Advertising & Customer Engagement

Customer Upload

The easiest way to import your existing customer database to Clover! Upload a CSV file using Customer Upload and your customers' profiles will be shown in the Customers app.

Appointment and Professional Services

Cojilio Booking & Scheduling

A complete booking and client loyalty platform for any service-based business, designed specifically to accommodate the needs of complicated service experts.

eCommerce

SKU IQ

Real Time Inventory Sync. Sku IQ makes your physical and online stores work together by keeping all your inventory data in sync and managing your retail platforms from one interface.

Pointy from Google

Helps shoppers find you by displaying your products on surfaces across Google including the Business Profile, Maps, and Search.

HR and Accounting

Homebase Time Clock

Track employee hours and build schedules. Share shifts online, view and swap shifts.

Quickbooks by CommerceSync

Automate accounting using QuickBooks Online, QuickBooks Desktop, or Xero.

Yellow Dog Inventory

A full featured inventory system for demanding operations. For multiple locations, Yellow Dog Inventory can be the single enterprise system consisting of many stores with each "store" connecting to a separate Clover system.

Alternative Payments

OTT PAY for Clover

OTT PAY gives you on-the-go access to powerful insights about your business, such as real-time transactions, on-the-spot QR code payment generator and promotional capabilities.

PayBright

After selecting PayBright as a payment method at checkout, shoppers can finalize their transaction in a matter of seconds, and pay for their purchase over time, using payment plans with interest rates as low as 0%.
